Although there were some difficulties associated with this being his first time teaching the course, Jeremy is clearly passionate about teaching, and wanted us to succeed. If he had more control over the course material I think it would've been a much smoother experience overall. That being said, he worked really hard to make sure we understood what was going on –great professor.
Really enjoyed this professor throughout this course. He genuinely cared about his students and his teaching philosophy is great. One of the best teachers I've encountered and being able to have someone like that in a class that matters is much appreciated. Overall amazing teacher.
My best teacher this semester
Fantastic teacher and I wish he taught software 2 and foundations as well just so I could have him again
He is the best professor I have ever met!
